Fels-Naptha soap, in cold or lukewarm water, will make your house spick and span. It will dissolve the smoke, grease and dirt on your windows without scouringpolishing them at the same time.

It will brighten paint or varnish on wood-work; freshen up the colors in oilcloth of linoleum; whiten natural wood floors. It is the ideal soap to clean rugs or currains, as it removes grease spots and dirt of all kinds without harming the colors.

Fels-Naptha will do your houseeleaning 3. better in cold or lukewarm water than any other soap will in hot water. You avoid the necessity for a hot fire, and your hands don't become red and rough from constantly dipping them in hot water.
